Improvements to Johnson Road at the Eau Claire River to be discussed at June 13th Information Meeting

Planned improvements for Johnson Road in the Town of Gordon, Douglas County, will be discussed at a Public Information meeting on Tuesday, June 13, 2017. The meeting will be held at 5:30 PM at the Town of Gordon Town Hall, 9709 East County Road Y, Gordon, WI 54838.

The project involves improvements to the Johnson Road roadway and bridge at the crossing of the Eau Claire River approximately 0.2 miles south of County Road Y. The existing 19-foot wide bridge will be replaced with a new 24-foot wide bridge. The 325 long project involves reconstructing the roadway approaches in addition to a new bridge. The project is scheduled for construction in 2019. Johnson Road will be closed to traffic at the bridge during construction.

A variety of exhibits and maps will be featured at the Public Information meeting, and representatives from the Town of Gordon and Ayres Associates will be available to discuss the project and answer questions. The public is encouraged to attend to examine the proposed improvements and discuss any concerns they might have.

Individuals who are unable to attend on June 13th can contribute comments about the Johnson bridge project by contacting the following individuals:
